Hyleys offers you a rejuvenating blend of green tea with lemon, the historical tea beverage grown and processed for over 5,000 years. Unlike “black teas” the leaves are not allowed to oxidize, staying green, and giving it its unique character and flavor. It is ideally enjoyed with the addition of honey, but is as good enjoyed by itself.

8-4117

Hyleys offers you an invigorating blend of Ceylon black tea, the classic beverage loved by generations with the addition of Ceylon cinnamon. We use a variety of cinnamon known as “Cinnamomum verum” which in Latin translates to ‘true cinnamon’ and has a naturally sweet taste with no added sugar. It pairs beautifully with the addition of lemon or ginger.

Lavender is a multipurpose plant that is used in many ways to promote good health and well-being. Lavender is commonly used in aromatherapy. The fragrance from the oils of the lavender plant is believed to help promote calmness and wellness. Ashwagandha is an ayurvedic herb traditionally used by ancient Indian healers to help alleviate symptoms of stress and anxiety.
